

SEWA Student Placement Request Form

Please fill out white sections. Double check spelling of student names and email addresses. Incomplete or incorrect information may result in the student's placement and/or orientation being delayed. A placement approval does not authorize the student to be on the work floor; additional onboarding documents, security clearance, and orientations must still be completed prior to starting a rotation or job shadow. If you have any questions about this form or the onboarding process, contact AcademicServices@kadlec.org or PSMMCStudents@providence.org.
